

1. K-Love has been a wonderful addition to our family in the community of The Dalles. It is a safe station for my whole family to listen to and better yet, it's commercial free. So not only is the music safe, but I can be sure that there will be no commercials that are offensive to my family.
2. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, I wouldn't feel that my family would have a safe haven to listen to on the radio. I have financially supported K-LOVE for years because of the fact that it is a positive message for all ages!
3. I believe that the service provided by K-Love is in the public interest because there are no other stations in The Dalles where your children can listen to the radio with no fear that they may hear crude comments or sexual innuendoes. It is important that our community have a choice as to what they listen to and if LPFM is given priority over FM translator service, that may not happen.

Thank you for listening to my comments and I hope that you will seriously consider them.
